

First Grade- Snow Day Packet 6

FIRST GRADE REDHOUND PACKET #6 DIRECTIONS

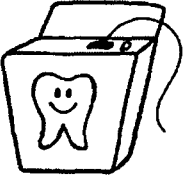

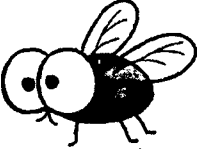

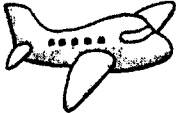

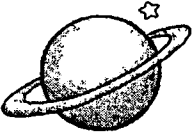

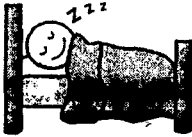

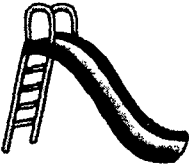

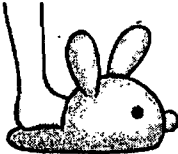

The day 6 first grade packet has several lessons that are related to the common core curriculum. Students will have a reading/language activity where they will look at a picture and write the consonant l blend (ex. fl, cl, gl). They have a worksheet called Winter Time to read each sentence and write in the correct word. In math, there is a fill in the missing number worksheet. There is a diagram of a hot air balloon with questions worksheet. For writing, students are to complete the In My Opinion worksheet. Then students are to visualize and illustrate to make a movie in their mind when reading and listening to a story. The special class activity for 1st grade includes a worksheet for gym class. Students should fully participate and complete the entire packet. Packets should be turned in no later than 5 days after returning to school. The packets will be graded and student learning monitored by your child's teacher. If you have any questions, please contact your child's teacher. Teachers will be available 8-4 on non-traditional/redhound days.

Name _____

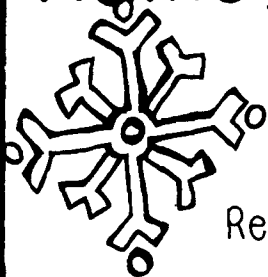

Spelling...Blend it, Baby!

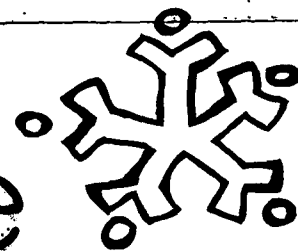

Each picture below begins with a consonant l blend (example: fl, cl, gl). Write the beginning blend in the box beside the picture. For an extension you may spell the whole word!

C the burners

Name _____

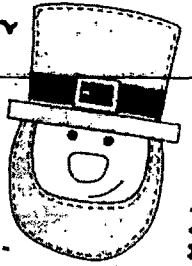

IMO: In My Opinion

I believe I have qualities that would make me a GREAT president. Here they are:

If I were elected president I would do these wonderful things...

I think it would be _____ to be president because...

Name _____

Visualize & Illustrate

Readers make a movie in their mind when reading or list...
After reading or listening to the story, illustrate the events in the space below.

Jason really wanted to trap a leprechaun on St. Patrick's Day. He thought about it all the time. He wanted to keep it in his pocket and carry him around wherever he went.

His mom decided to take him to the library so he could find some books about leprechauns. He read that leprechauns make shoes and store their gold coins in a pot at the end of a rainbow. He also learned that leprechauns are greedy and very clever.

He decided that his trap had to be very clever! He used lots of gold coins for bait.

	What do you think happened next?
