Corbin Independent School Families,

Due to recent school closures, Charter Spectrum has announced they will offer free access to broadband and WiFi internet services to households with students who do not already have these services.

The free broadband and WiFi access will be available for 60 days to households with K-12 or college students who do not already have a Spectrum broadband subscription.

The company will also waive internet installation fees for student households. To enroll in the service please call Spectrum at 1-844-488-8395.

It is our hope this offer may help to assist our students without internet access in completing online NTI assignments. Any students in grades K-8 who do not currently have internet access may pick up paper packets at the Corbin Board of Education, 606-528-1303.

Thank you,

Corbin Independent Schools
606-528-1303

Striving to be our BEST
